LUNA'S ARMY ROUTED

Brilliant Charge of the American Brigade Against the Enemy.

WHEATON LED IN PERSON.

MacArthur's Division Has Captured San Tomas After Encountering Strong Resistance—Filipinos Are Retreating to San Isidro.

Manilla, May 4.—Major General MacArthur has carried San Tomas, after encountering a strong resistance. Brigadier General Hale moved on the enemy's right, and Brigadier General Wheaton attacked the left in a daring charge, in which Colonel Funston again distinguished himself. The Kansan was wounded in the hand and several other officers and enlisted men were also wounded.

It seems as though General Antonio Luna's forces are destined to destruction within a few days unless they surrender. The American army has been skilfully posted at points of immense strategic advantage. The insurgents expected them to advance at Balinga by way of Quingua, and had furrowed the entire section with intrenchments.

Instead of taking this course, General MacArthur swung toward San Temas, the route to which was almost unprotected. General Lawton brought his brigade in against Balsam from the southeast, covering the lines of the retreat of the rebels toward the mountains, and depriving them of a refuge upon which they had already counted.

General Lawton captured 50,000 bushels of rice, an important part of the stores established by the rebels.

The Spanish commissioners have made another futile attempt for the relief of the Spaniards held as prisoners by the Filipinos. Their vessels steamed to the port nearest Dagupan. Fearing to land, they sent a letter to Aguinaldo, saying they were authorized to exchange 15,000 Filipinos now in the hands of the Americans for the Spanish prisoners.

A reply was received from Señor Mabini, Aguinaldo's prime minister, which was dated April 28, and which stated that Aguinaldo was negotiating for peace, pending which negotiations he could not discuss the question of exchange of prisoners.

WASHINGTON OFFICIALS

Advised of the Movements of American Troops in the Philippines.

Washington, May 4.—The war department has received the following giving the situation in the Philippines from General Otis:

"Lawton holds Baliuag, captured 2d instant, after rapid movement from Angat, where supplied with wagon train, pack animals and rations. He scattered the strongly entrenched enemy to the north and northwestward, capturing large amounts of food supplies, and has his detachments to north and eastward. His successful movement attended with great difficulty, because of character of the country, rain and heat. He now covers our railway communication, and will be supplied from Malolos."

"MacArthur's column concentrated, took up advance on San Fernando at 6:30 a. m. Do not apprehend sharp resistance on part of enemy, who will probably leave railroad and retire northeasterly direct to north of Lawton. Destruction of railroad near Calumpit necessitates dependence on wagon transportation."

"Enemy to south and east of Manilla; 9,000 opposed by sufficient force under Overhorne and Hall; his demonstrations thus far properly met by these officers with slight losses. Many requests received from outlying cities for protection against insurgent troops."

More News From Otis.

Washington, May 4.—A cablegram has been received from General Otis, which says: "Summers, with six battalions—Oregon, Dakota, Third infantry and piece Utah light artillery of Lawton's division, proceeded north to Maasand; crossed river, charged enemy in strong entrenchments, driving him northward and inflicting considerable loss. His casualties two wounded. Both Wheaton and Hale, of MacArthur's division, found enemy in force strongly entrenched and commanded by Commander-in-chief Luna, about four miles south San Fernando. Hale on right dislodged enemy and Wheaton on left, leading in person, made brilliant charge, scattering his forces inflicting great punishment. Several officers and enlisted men seriously wounded. MacArthur proceeds to San Fernando at once. Delayed by partial destruction of bridge across river. Not believed enemy will make another determined stand until he effects retreat to Mount Arayat at short distance from San Isidro."

EXTRA SESSION Of Congress May Be Called Next Fall by the President.

Washington, May 4.—There is a growing belief among prominent members of congress that the president will call congress to meet in extraordinary session this fall, probably early in October.

The questions which will come before the next congress for settlement, including questions growing out of our possessions acquired as a result of the war with Spain, and the general legislation, including that relating to currency reform, the Nicaragua canal, merchant marine, etc., are of such importance that the president is inclined to regard it as advisable that congress should meet earlier than the regular session in December in order to get work under way.

The retirement of Speaker Reed will naturally entail considerable delay in the appointment of committees in the house, as it is customary to allow a new speaker four or five weeks to make up his committees, and this furnishes an additional reason why congress should be convened before December.

Of the several senators and members of congress who are going abroad this summer the president has particularly inquired as to the length of their stay, and has hinted that it was advisable that they should be back in the early fall as the necessity for an extra session might arise.

The Georgia Monument.

Chattanooga, May 4.—The handsome monument erected by the state of Georgia to commemorate the deeds of gallant Georgians who fought at Chickamauga was dedicated. Governor Candler, his staff and other distinguished Georgians participated in the exercises. Hon. Gordon Lee, a member of the Georgia commission, tendered the monument to the governor. Governor Candler accepted the monument and tendered it to the government.

General H. V. Boynton, president of the National park commission, accepted the monument on behalf of the government. The apex of the shaft is surmounted by a heroic figure of a Confederate soldier, holding in one hand a furred flag of the Confederacy.

Statement of Grain Shovelers.

Buffalo, May 4.—The grain shovelers of new local 51 have formulated the following as a statement of their position: "First, the abolition of the saloon boss system; second, agreements directly with the Lake Carriers' association, or with the various elevators; third, payment of the scopers at the office of the elevators or at a business office like those maintained by employers in other reputable industries." The freight handlers effected an organization. A resolution to the effect that the freight handlers would stand by the grain shoveling contractors was adopted.

French Admiral Called Down.

Vancouver, B. C., May 4.—Recent Hongkong advices say Admiral Dewey gave a French cruiser a lesson in naval courtesy recently. When the cruiser Jean Bart arrived at Manilla she gave a rear admiral's salute. Admiral Dewey ordered the salute to be returned exactly as given. He then sent an officer to the Jean Bart to call attention to his admiral's pennant, which they had apparently not noticed.

Signed Beer Inspection Bill.

Jefferson City, Mo., May 4.—Governor Stephens signed the Farris beer inspection bill. It provides for the inspection of all beer sold in the state. An inspection fee of 1 cent on each gallon and 2 cents for labeling each package will be charged. No fee is charged for inspecting beer shipped out of the state. The bill is expected to produce \$500,000 revenue annually.

Marriage of Richard Harding Davis.

Marion, Mass., May 4.—Richard Harding Davis of New York, writer, and Miss Cecil Clark, daughter of Mr. and Mrs. John Marshall Clark of Chicago, were married at St. Gabriel's chapel here at noon. Rev. Percy Browne of Roxbury, Mass., officiated. The number of guests was limited to 84, the seating capacity of the chapel.

Suits For Damages.

Seattle, Wash., May 4.—According to Alaska a syndicate of 86 aliens who were excluded from Atlin has been formed to bring suit against the Canadian government for \$15,000,000. Damages are claimed for property lost by the exclusion of the plaintiffs from the famous mining district. Each alien claims \$175,000 damages.

New Incorporations.

Columbus, O., May 4.—National Fraternal Union, Cincinnati, amendment changing name to Provident Union; the Riverside Park and Land company, Bellefontaine, capital stock \$12,000; the Ladies' Progressive society of Cleveland; the Physicians' National Reform League association, Toledo; the Central Mutual Fire Insurance association, Hillsboro.

A TRUCE ESTABLISHED

Between the Warring Mataafans and Their Opponents In Samoa.

KAUTZ'S OFFICIAL REPORT.

Although the Cablegram Was Mutilated In Its Transmission, Naval Officials Have No Doubt as to Meaning Intended.

Washington, May 4.—The following cablegram has just been received at the navy department from Admiral Kautz:

"Auckland, May 4.—Sub-date Apia, April 27.—All quiet at Apia. Mataafa and his chief * * * agreed to keep outside lines prescribed by British senior officer present, and * * * to and to * * until commission * * there will be no more fighting."

The cablegram was mutilated in transmission over the cables, and in the process of solving the cipher. Its meaning is plain to the naval officials as confirming the press report that a truce has been agreed upon in Samoa, and there will be no more hostilities pending the reaching of a conclusion by the commission now on the way to the islands and due there in about two weeks.

NEWS FROM APIA.

Mataafa Agrees to Withdraw His Forces While Awaiting Commission.

Auckland, N. Z., May 4.—Advices received here from Apia, Samoa, to April 27, state that the rebel loss by the shelling of the Mataafan stronghold at Vailima by the warships of Great Britain and the United States was quite heavy. Many of the rebels were wounded.

The house in which the late Robert Louis Stevenson lived was riddled with shot. On April 22 there was a sharp skirmish between rebels and Lieutenant R. A. Gaunt's brigade near the town of Vailima. In this engagement one Mataafan was killed. The lines of the friendliest were attacked in the darkness at two points, but none of them were killed.

On April 23 there was some bush fighting. Lieutenant Gaunt's brigade, numbering 900 men, advanced under a hot fire. The enemy lost several men, the bodies of the dead being dragged away. Of the friendlies one was killed and three were wounded. The British lieutenants Innes, Hickman, Schuler and Heathcote, under Lieutenant Gaunt, led the loyalists.

The New Zealand government steamer Tutaneakai had arrived at Apia with dispatches announcing the request of the international peace commissioners that the inhabitants peacefully await their arrival from San Francisco. A meeting of the three consuls in view of this message was held, but without result, the German consul dissenting from the propositions of the other two consuls.

Admiral Albert Kautz, U. S. N., and Captain Stuart of the British cruiser Tauranga wrote and dispatched through a French priest to Mataafa, ordering him to withdraw his forces outside of a line 10 miles long and six miles broad. Mataafa replied defiantly, and refused to withdraw unless the German consul and the captain of the German cruiser Falke agreed.

Admiral Kautz and Captain Stuart thereupon sent an ultimatum to Mataafa threatening to compel the withdrawal of his forces. Mataafa then agreed to withdraw.

A majority of the inhabitants are highly dissatisfied with the cessation of hostilities. They say that Mataafa is beaten now, and that the trouble would all be ended in a week or 10 days were the advantage pushed. The rebels are delighted at the delay, which will give them time to refill cartridge shells and build more forts.

It is doubtful if British or American subjects will give much evidence before the international commission, owing to fear that to express themselves candidly would interfere with trade relations. For this reason the evidence before the commission is likely to be one-sided.

Advised to Keep Out of Politics.

Havana, May 4.—La Union, a strong pro-Spanish newspaper here, says that it has been asked by Spanish citizens for an expression of opinion as to whether they should sign circulars of the national league, which is attempting to unite all who are opposed to annexation. In reply La Union says that the Spaniards should not participate in Cuban politics, directly or indirectly, now or in the future.

Death of a Lieutenant.

San Francisco, May 4.—Lieutenant W. S. James, U. S. A., while awaiting an assignment to duty, died of pneumonia at the presidio. His remains have been forwarded to his former home in Kentucky.

CROKER AND REED.

Both Americans Reach the Shores of England Safely.

Southampton, May 4.—The American line steamer New York arrived here. Her passengers report they had a pleasant voyage. Speaker Thomas B. Reed said that he had come to Europe for a rest. He was shown a cablegram published here, in which it was stated that he had not resigned his post as speaker of the house of representatives and that he may be a candidate for the presidency. Mr. Reed expressed great indignation, and said he regretted people could not leave his affairs alone. He had come here, he said, away from newspapers for absolute repose. With his family, he was going to Winchester and Salisbury, and thence to Paris.

Mr. Richard Croker was a conspicuous figure, standing on the upper deck, watching the passengers as they landed from the steamer. He wore a white neckerchief, a light overcoat and a derby hat.

Mr. Croker said that he would remain in England until the season closed. He had an enjoyable trip. He felt at home in England, he said, and expected to have the same pleasant time as on the occasion of previous visits here. Mr. Croker proceeded to London. His baggage was sent direct to his racing stables at Didcot, in Berkshire.

Present to Robbins.

Washington, May 4.—In accordance with the request of Admiral Dewey, Secretary Long has presented to A. W. Robbins, master of the British ship Buccleugh, a fine chronometer in recognition of the services to the Asiatic squadron immediately after the battle of May 1, in communicating with the Spanish governor general at Manilla for Admiral Dewey. Captain Robbins placed himself at the disposition of Admiral Dewey to convey messages to the Spaniards in Manilla. The admiral sent a request to the Spanish governor general to be allowed to use the cable connecting Manilla and Hongkong, threatening if the request was not complied with to cut the line. The Spaniards refused, and the cable was cut.

Iron Review Denies Story.

Cleveland, May 4.—An executive officer of one of the big steel consolidations makes this statement to the Iron Trade Review: "There is no truth in the story of the consolidation of the Carnegie Steel company, National Steel company, American Hoop company and American Tin Plate company. No deal has been made for a consolidation of any of the companies named, and while it is true that there has been some talk of consolidation of several of the steel companies nothing definite has come of it. No announcement of the plans, either official or unofficial, can be made. It is unlikely in any event that the Carnegie Steel company will be actually consolidated with any other company."

Nothing Known of the Crew.

New York, May 4.—Reports from the life saving stations along the New Jersey coast show that a two-mast schooner is sunk about five miles off the Island Beach station. One of her top masts has gone, the other shows about 10 feet above water. A 16-foot yawl painted lead color with brown gunwales came ashore at the Forked River station. This boat probably belongs to the sunken schooner. The life savers have gone off to her to see if it is possible to identify her. Nothing is known as yet of the crew of the schooner.

Big Coal Deal.

Pittsburg, May 4.—Matters have been completed by which a syndicate of prominent Pittsburg and eastern capitalists and coal operators, headed by J. L. Dawson Speer of this city, for the purchase of 4,000 acres of coal land, comprising the largest undeveloped complete acreage in the entire Pittsburgh district. The deal approximates about \$1,000,000. The tract is located along the Youghiogheny river.

To Expedite Mails.

San Francisco, May 4.—J. M. Johnson, chief clerk of the railway mail service at Los Angeles has been detailed to go to Honolulu to take charge of the transfer of mails at that post for the Philippines, Australia, New Zealand and the Orient. By this arrangement the dispatch of mail matter from this city will be expedited by three days.

Death of Mrs. Marshall.

London, May 4.—Mrs. Emma Marshall, the novelist, is dead. Mrs. Marshall was the youngest daughter of Simon Martin, a banker of Norwich. She wrote a long series of historical novels, the central figures in which were such men as Sir Thomas Brown, George Herbert and Sir Philip Sidney.

Hopkinsville, Ky., May 4.—McKnight's large sawmill, five miles north of Hopkinsville, was blown up, killing the owners, Barrett McKnight and Effie McKnight. John White's legs were blown off, and he is dying. T. T. McKnight was seriously injured.

GERMANY'S INTENTION

Proposed Development of Kaiser's Possessions in China.

COAL WILL BE EXPORTED.

Difficulty in Securing Titles For Landed Property About Kiao-Chou—Territory Leased For Public Buildings and Other Utilities.

Washington, May 4.—In view of the renewed attention to Chinese affairs due to the Anglo-Russian entente, a report just issued by the German government and received at the embassy here concerning the development of the German possessions in China is of special interest.

According to the report the naval administration of Kiao-Chou was due chiefly to economical considerations, it being held that aside from the importance of the place as a naval station its future would be found in its development as a commercial colony and as a strong base of the German trade in East Asia for the opening of a vast hinterland.

From this leading thought were deducted, as to the administration, the following principles: To make the government as independent as possible from the home government to encourage in every possible way self-government and to impose upon all official organizations the greatest reserves in measures regarding trade and industry to facilitate these by granting exemption from customs duties and doing away with all unnecessary restrictions.

The German territory leased from China comprises 540 square kilometers, with 60,000 to 80,000 Chinese inhabitants. The report adds that of the greatest importance, but at the same time of the greatest difficulty, were the conditions of the Chinese landed property.

Before the German lease, there existed in Kiao-Chou, as well as everywhere in China, theoretically, a feudal right of the emperor to the whole soil; practically, however, the ownership of the holder of cultivated land was recognized if he paid a ground rent. There were no registers of landed property, but only tax lists.

In order to bring about a just solution of the land question a proclamation was issued on the very day of the Germans taking possession of Kiao-Chou forbidding the sales of landed property which were replaced through voluntary contracts with the Chinese to the effect that the inhabitants of the various villages received the double amount of Chinese ground tax as a kind of premium in consideration of which they bound themselves to sell their land to nobody but the German government. In case the land should be bought by the government, the local price before the German lease was to be paid. In the meanwhile the owners continue to hold and till their ground. It was an extremely difficult task to conclude these agreements, but the German government has now secured the option to the greater part of the territory necessary for the erection of streets, squares, quays, public buildings and fortifications.

On Sept. 2, 1898, Kiao-Chou was declared a free port and opened to the trade of all nations. The free port district includes the whole German territory. A Chinese customs office was established in the German territory, near the landing place of the ships. At the head of it was a German in the service of the Chinese maritime customs administration.

The establishment of this custom office is of particular advantage to the trade, as it saves time and expense of another examination of imported goods on the crossing of the Hinterland frontier. The customs and duties are regulated according to the tariff for the Chinese treaty ports. Particular attention will be paid to the minerals of the province, and it is expected that coal will become the most important export article from Kiao-Chou.

Selling Price Agree Upon.

Cleveland, May 4.—Since early in the year there has been a "gentlemen's agreement" among the manufacturers of crucible steel regarding the selling price of their products. The agreement was entered into as a preliminary step to a consolidation under one ownership of all the properties, and it is now announced that the negotiations to this end have well advanced, and it is probable that the transfer to the new company can be effected shortly.

SOME of the Democratic candidates for Governor in this State continue to berate and abuse each other. They seem to lose sight of the fact that harmony is necessary to win in Kentucky next fall.

A MEMBER of the Board of Education said a few days ago he thought the colored people of this community were making a great mistake in not giving their children the advantage of an education in the public schools. Their growing indifference in the matter is surprising, and by no means to their credit.

SENATOR CHANDLER, of New Hampshire, in forecasting what is likely to happen politically next year, says:

"Senator Hanna must efface himself. Harmony must be brought about, and President McKinley is the man to accomplish that. It is essential to keep Ohio in line."

Mr. Hanna will likely let Mr. Chandler know who is boss when the "effacing" act begins.

MR. EDWARD ATKINSON, of Boston, has been sending some pamphlets to our soldiers over in the Philippines in which he quotes from the President's own official utterances that "forcible annexation would be criminal aggression." The Administration, however, seems to have repudiated itself, as it has taken steps to suppress Mr. Atkinson for sending out this "seditious" matter.

IF Edward Atkinson is worth any attention whatever at the hands of the administration he is important enough to be sent to jail for a season of reflection and penitence. And yesterday's Cabinet meeting seemed on the point of taking exactly that action. The trend of its discussion was distinctly ominous for marplots of the Atkinson ink.—Louisville Commercial.

As Mr. Atkinson's alleged offense consists in sending out copies of public documents,—parts of the proceedings of last Congress,—probably it might be well for the Administration to go off somewhere for "a season of reflection and penitence."

We the dairymen of Maysville and vicinity hereby agree among ourselves not to run our milk wagons or deliver milk on Sunday afternoons. This agreement to be void unless all dairymen who deliver milk from wagons sign and agree to this writing. We have been requested by several citizens of Maysville, Ky., to adopt this plan and hope our patrons may assist us in doing so and be inconvenienced. This writing to be effective soon as all the parties sign it.

B. T. WISENALL, formerly of this city, has been chosen to superintend the construction of the new city hall and court house at Covington. He prepared the plans, and will receive for his services 2½ per cent. commission of the whole cost of the building.

SAYS the Bellevue correspondent of the *Examiner*: "Officer Hay arrested two tramps Wednesday evening on the complaint of some young girls who said that they had insulted them. The two hobos had been seen loitering around town and on the river bank for the past two days. They were given a preliminary hearing before Judge Beyland, who remanded them to the Newport jail pending trial. They gave their names as John Graham, of Maysville, and George Gleason, of Louisville. They were searched and a razor was found upon Gleason and a lot of wire or solder upon the person of Graham."

JAMES MAYNARD, an inmate of the county infirmary, died this week, aged seventy-five years. He was buried on Bull Creek.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. J. Wood & Son, druggists, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.

A BIG DAY.

That's What Next Monday Promises to Prove With Its Many Attractions.

County Court, Stock Sales, Balloon Ascension, Gentry's Fine Pony and Dog Show, Open Air Concert, Cheap Rates.

The monthly stock sales will be held in Maysville next Monday (May 8th) and many special attractions have been arranged for the day.

"Black Diamond," the greatest colored aeronaut, will make an ascension and parachute drop from the largest balloon in the country.

The Maysville band will give open air concerts in the afternoon.

Prof. Gentry's Dog and Pony Show will give an exhibition at 2 p. m. and 8 p. m. at the ball park. This is the best show of the kind on the road.

January Park will be dedicated in the afternoon.

Prominent horse and cattle buyers will be present. Bring in your stock if you have any to sell. Cattle brought big prices last court day.

Reduced rates on the L and N. from Carlisle and intermediate points. Also from Flemingsburg.

Half-fare on all bus lines entering the city; free ferrage to our Ohio friends; half fare on the C. and O. R. R. from Greenup and Foster, and all intermediate stations.

HORSE STEALING.

The Charge John McElroy Will Have to Answer—Three Animals Stolen and Sold.

John McElroy, of Lewis County, charged with horse stealing, was arrested a few days ago by Constable Dawson, and was given a hearing Wednesday before a Justice of the Peace in Lewis. He waived examination, and was sent to jail to await trial.

McElroy is charged with stealing two horses from John Bradford, near Wedonia, and one from a man named Mower, of Lewis. He acknowledges taking the horses, and says he sold the first two at Bentonville, O., and the other in this city.

McElroy will be tried in Lewis County first and will then have to answer for taking Mr. Bradford's horses. Bradford lives in Fleming.

Glorious News

Comes from Dr. D. B. Cargile, of Wichita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.

FOR REPRESENTATIVE.

WE are authorized to announce JOHN W. ALEXANDER as a candidate for Representative in the next Legislature, subject to the action of the Democratic party.

James Hendrixson, Jr.

James Hendrixson, Jr., son of the late James Hendrixson, died Thursday evening at 7 o'clock at the residence in the Fifth ward. The deceased was a patient sufferer from stomach trouble for about eighteen months. His funeral will occur Saturday afternoon at 2 o'clock. Services by Rev. J. C. Molloy. Burial private.

County Court Day

Next Monday, May 8th, the Board of Trade offers special attractions for the entertainment of visitors in our city, an open air concert and grand balloon ascension being among the pleasures free to all. Half-rates on railroads, ferry and stages make transportation easy, and even luncheon expenses need not be considered. We offer

Absolutely Free, a Dinner Ticket!

to any one making a cash purchase of \$5. The holder of the ticket will be entitled to a good dinner at one of our best boarding houses. Our stock of Dress Goods, Carpets, Underwear, Hosiery, ready-made garments and general line of Dry Goods is known throughout a long store life covering nearly fifty years. Come in and look around. We are always glad to have you visit us. The aisles of our store are as free to you as the streets of Maysville. Fair treatment, low price, good quality, is the motto that guides every action of our business. Call upon us and prove the statement by the special bargains we will offer you, May 8th. Haven't space to enumerate them, but "seeing's believing;" judge for yourself. Remember DINNER FREE to all cash buyers of \$5 worth of goods.

PIANO RECITAL.

St. Francis de Sales Academy the Scene of a Delightful Entertainment Thursday Afternoon.

Those who risked the threatening weather yesterday afternoon to attend the piano recital at St. Francis de Sales Academy were fully repaid by an hour of genuine enjoyment.

Miss Nannie Bostain Willette, the charming pianist, gave seven delightful numbers. They could not fail to please the most critical audience—the selections were so well chosen, the work so excellently done. A wide range was covered with charming variety. The last two numbers received special compliment—the Schumann Nocturne for its impressive and sympathetic rendering, the selection from Leschetizky for its dash and brilliancy.

Miss Willette's stage presence was admirable. She moved with a modest, graceful dignity that was most pleasing.

Miss Corinna Clinkenbeard added to the afternoon's pleasure by two recitations. In the "Cuban Tea" the young elocutionist's graceful vivacity was quite irresistible. Her audience was in full sympathy with the marital troubles so gayly depicted, for merry laughter echoed each humorous climax. In the tragic pathos of the sketch from Coppee, the versatility of Miss Clinkenbeard was fully proved.

Miss Stella Archdeacon in her usual work on the violin showed very careful study. It is safe to expect advanced work from this little lady in coming years.

Sister Mary Agnes is to be congratulated on the work of her pupils. This accomplished lady is singularly successful in developing the best in every member of her class. She not only has the knowledge but the rarer gift, the power to impart it.

Sister Luitgarde's skill as an elocution-

ist was ably sustained by her pupil's work. Clear vowels and liquid consonants are recognized charms of her teaching as well as graceful movement and gesture.
